# *Hicrete Trowel -Top Flooring*

*Hicrete Trowel-Top System offers an extremely smooth finish, similar to polished concrete, and is used to resurface floors, walls, countertops and more. Endless color combinations are available with integral colors, stains and dyes. Hicrete Trowel-Top can even be applied to vertical surfaces to achieve a Venetian plaster look popular in homes, offices, retail spaces and restaurants.*

#### Where To Use:

- Residential Floors
- Hotel Lobby Areas
- Showrooms, Hotels & Restaurants
- Café Area
- Corporate Offices
- Terrace Garden Area

## *Hicrete Stamped Overlay Flooring*

*Hicrete Stamped Overlay offers all the aesthetic benefits of conventional stamped concrete but is applied over existing concrete. Stamped concrete overlays allow you to duplicate the beauty and texture of natural stone, brick, slate, wood, and other materials without having to replace your concrete. Stamped overlays can be used on new or existing concrete and on interior or exterior surfaces. They are especially popular for refreshing the appearance of existing driveways, patios, walkways pool decks, and floors as well as for residential & commercial internal flooring too.*

#### Where To Use:

- Residential Floors
- Hotel Lobby Areas
- Showrooms, Hotels & Restaurants
- Café Area
- Corporate Offices
- Terrace Garden Area

# *Hicrete Stained Concrete Flooring*

*Concrete Staining is a chemically reactive permanent coloring method on existing concrete, which gives a mottled variegated, translucent and marble like look. Stains penetrate and react chemically with the concrete, creating natural color variations. Concrete can be stained using Chemical Acid Stains, Water based Polymer Stains & Solvent based Dye Stains.*

#### Where To Use:

- Residential Floors
- Hotel Lobby Areas
- Showrooms, Hotels & Restaurants
- Café Area
- Corporate Offices
- Terrace Garden Area

*Colour Flake System and Quartz System are decorative flooring applications designed to provide an imitation granite or terrazzo look to residential, commercial and industrial floors. They are available in a variety of color combinations to match any decor, adding beauty and elegance as well as providing a low maintenance, slip resistant surface with excellent resistance to staining, impact and abrasion.*

### Where To Use:

- Automotive Showrooms
- Office floors
- Retail stores
- Restaurants & Commercial Kitchens
- Hospitals & Operation Theatres
- Cafeterias
- Parking Garages
- Pharma Industries & Laboratories

# *Hicrete Designer Metallic Epoxy Flooring*

*Designer epoxy flooring is 100% solid metallic epoxy flooring system designed to create vibrant, elegant & exotic looking seamless interior decorative floors. It can be done only on existing hard, strong, stable & levelled concrete or tile base. Plenty Colour options available.*

#### Where To Use:

- Automotive Showrooms
- Office Floors
- Retail Stores
- Restaurants
- Cafeterias
- Hotel Lobby
- Mall Showrooms

# *Hicrete Industrial Epoxy & PU Flooring*

*Hicrete provides various Epoxy & PU flooring systems for applications ranging from Heavy duty flooring to medium/ light duty applications for various industries. The system types are,*

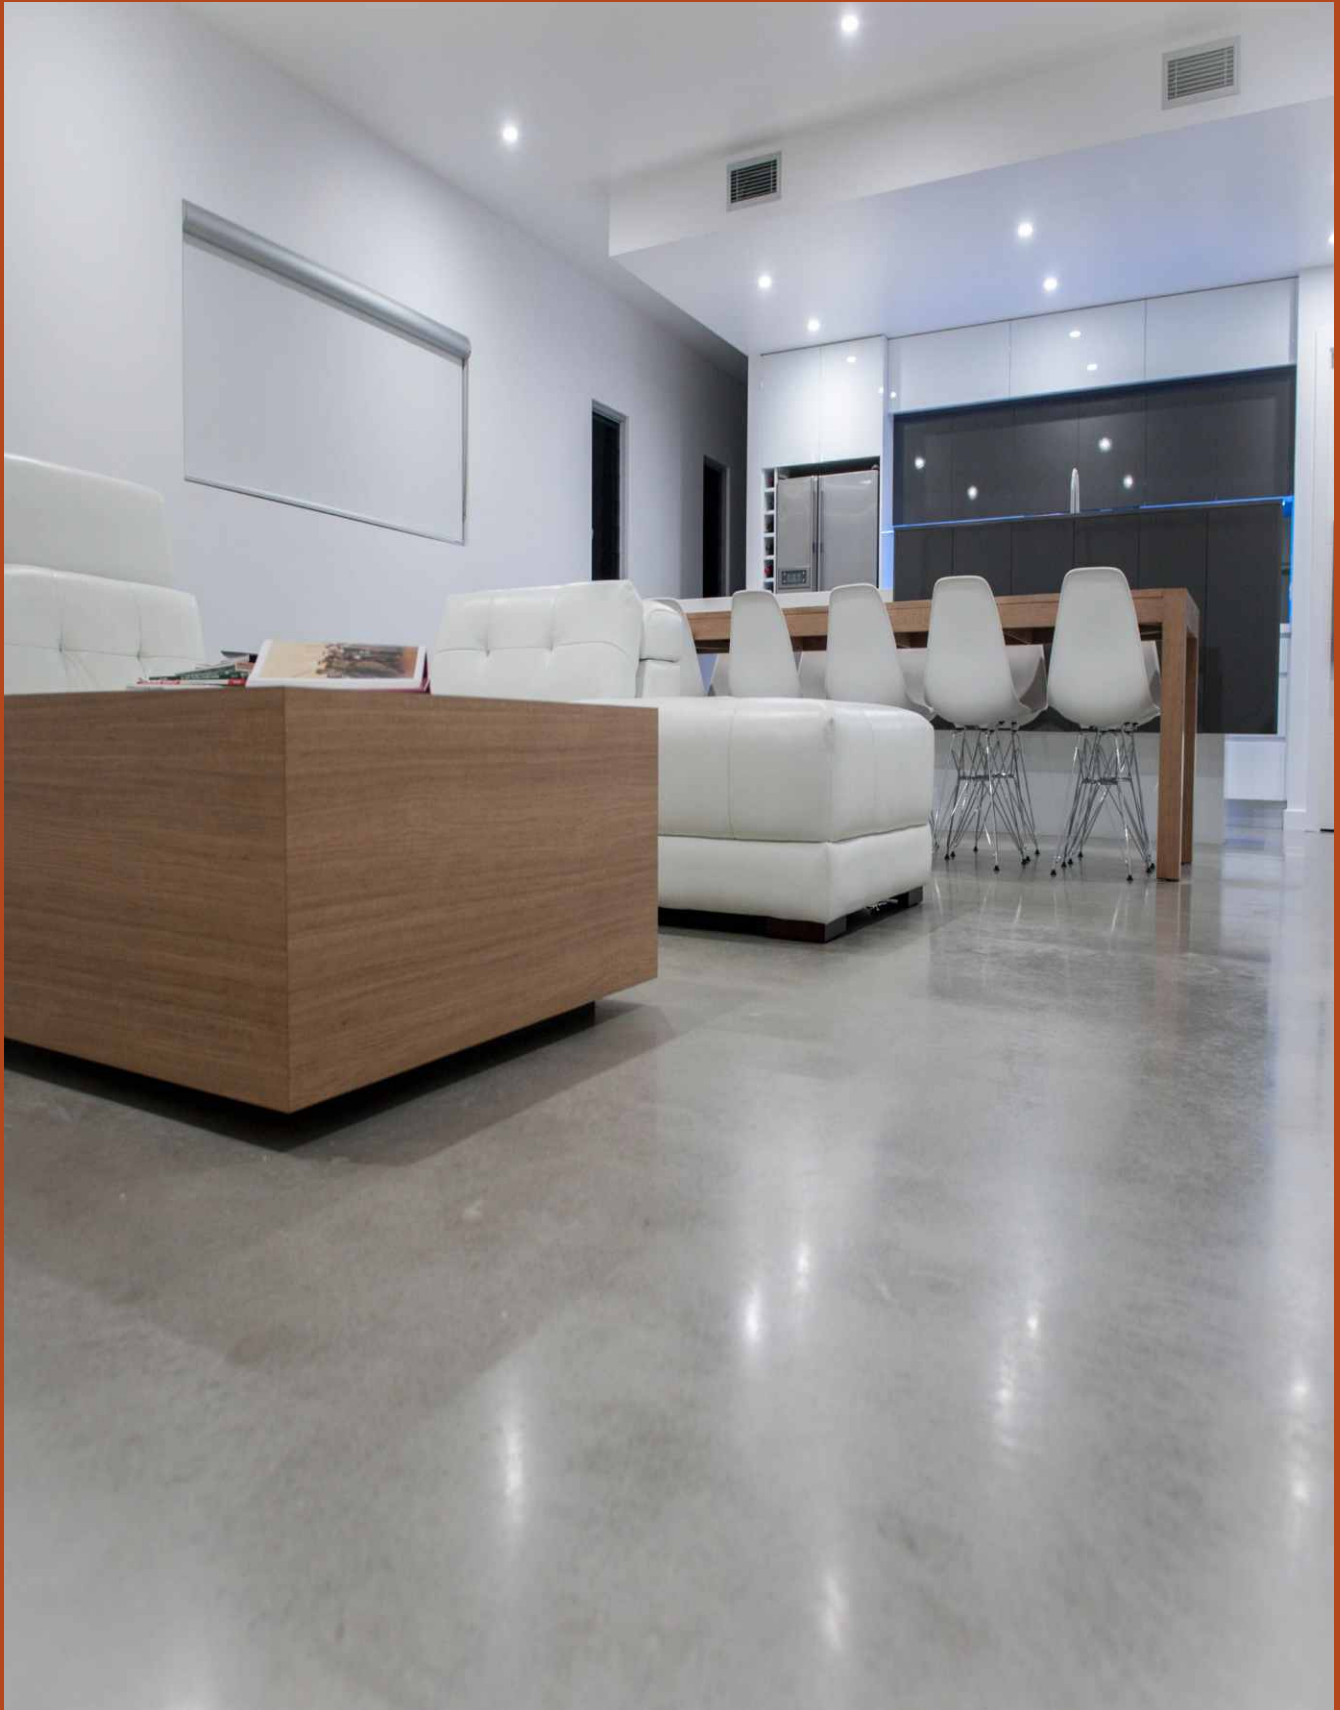

- *Self Leveling Epoxy & PU Flooring System*
- *Heavy Duty PU Concrete Flooring*
- *Antistatic Epoxy Flooring*
- *Epoxy Topping With Cementitious Underlay*
- *Granite Finish Epoxy Color Screed Flooring*
- *Epoxy & PU Floor and wall coating Systems*

Where to Use:

- Automobile / Engineering Industry Workshops
- Hospitals, Pharmacy & Food Industries
- Parking Areas
- Electrical Industry
- Nuclear Power Plants
- Textile & Roller Mills
- Dairy Industry
- Ammunition Factories
- Star Hotels

# *Hicrete Polished Concrete Flooring*

*A polished concrete floor is a concrete floor that has been diamond ground and then treated with a chemical densifier before progressively polishing with finer diamond polishing tools. The diamond grinding tools are usually sequenced in grit levels of diamonds and polishing pads, which are specifically designed for polishing concrete. Multi Coloured Polished Concrete Floors can be installed by using various coloured Dye Stains or Chemical Acid Stains.*

#### Where to Use:

- Automobile / Engineering Industries
- Showrooms & Workshops
- Parking Areas
- Star Hotels
- Office floors
- Retail stores
- Restaurants & Cafeterias
- Hotel Lobby
